SUPERVISORS HOLD REGULAR MEETING

The Board of Supervisors met in regular session Monday, March 2, there being present Wm. H. Brown presiding, Jas. T. Casey, John MacBain, Jos. M. Francis, and D. E. Blackburn.

T. Curran Clark of Redwood City addressed the board and requested that the application of the Tourist Association of California for financial assistance, presented at a previous meeting and laid over, be acted upon. The plan was to raise $50,000, a large portion of which would be subscribed by the San Francisco business men. It was desired that San Mateo county set aside for this purpose, $100 monthly for a period of twelve months. Should the association fail to secure the whole amount of $50,000 this county would not be called upon to pay its subscription.

Chairman Brown stated that when the matter was first presented to the board it was laid over at his request to await the outcome of the Marysville convention which had been called for similar development purposes. Since the failure of the Marysville movement he was in favor of contributing to the Tourist Association.

It was ordered, on motion of Casey, seconded by MacBain, that the sum of $1200 be set aside from the County Advertising fund, in monthly installments for the benefit of the association to be paid in the event that the whole sum of $50,000 is secured.

The following liquor dealers, having complied with the county ordinance and furnished the necessary bonds were granted licenses:

First township—Chas. M. Lamm, Belle Air Park; James Cawley, Salada Beach.

Second township—Albert Swanson Beresford.

The applications of D. Garassini and F. Torsi for class A licenses at Colma were rejected, there being strong petitions against both applicants.

The following applications for liquor licenses were given first reading and will be acted upon a month hence:

First township—John Mori, Rockaway Beach; James Murray, Colma; Agostino Tassara, Colma; Antone Noyer, San Bruno; Stephen McCue, Colma.

Second township—W. A. Emett, class B, Belmont.

Third township—H. E. Hallett, Portola; Walter Jellich, Woodside; A. V. Kieffer, La Honda;

Fifth township—J. C. Amadel, Pescadero.

J. J. Burke, an aged and infirm resident of San Mateo, was granted $8 monthly from the Indigent fund on motion of MacBain, seconded by Brown.

MacBain reported that he had temporarily relieved the distress of a family in Redwood City by supplying them with groceries. He was authorized to give such other assistance as was needed.

A protest signed by Catherine Ives and others, residents of the Seventy-five Dollar Lot Homestead, was received, calling the board's attention to the fact that the streets of that tract were being plowed and fences were being erected, very much to the annoyance and detriment of the residents of the tract.

It was ordered, on motion of MacBain, seconded by Casey, that a search of the county's road records be made to ascertain the status of the streets in the tracts named and the Abbey Homestead and also the Ravenswood road which it is stated has been blockaded.

Communications from the California Development Board, the California Waterways Association and the State Board of Horticulture were read and filed for future reference.

Bids were received as follows for constructing a concrete culvert on the Canyada road near Woodside:

F. Murer, $349.
Harry B. Morey, $396.
K. D. McLean, $525.
A Mattson, $400.
Kauffman-Price Company, $500.

On motion of MacBain, seconded by Casey, the contract was awarded to Morey, whose bid was slightly in excess of that of Murer, which award was justified by the fact that it has not been necessary to employ an inspector to oversee work that is done by Morey.

Bids were received as follows for constructing a concrete bridge across the West Union creek at Woodside:

Kauffman-Price Company, $2296.
A. Mattson, $1600.
K. D. MacLean, $1900.
Harry B. Morey, $1725.
Tieslau Bros., $1974.
F. Murer, $1386.
I. Scott, $2198.

On motion of MacBain, seconded by Casey, the contract was awarded to Murer.

Bids were received as follows for constructing a concrete culvert on the La Honda-San Gregorio road, across the creek separating the Third and Fifth townships:

Kauffman-Price Company, $3247.
A. Mattson, $2700.
Tieslau Bros., $3570.
Harry B. Morey, $2898.

On motion of MacBain, seconded by Casey, the contract was awarded to Mattson.

Plans and specifications for a bridge on the West Union road near the Finkler place were presented by Surveyor Neuman and adopted on motion of MacBain, seconded by Casey, and the clerk directed to publish a notice calling for bids for the erection of the bridge.

District Attorney Swart presented a petition signed by residents of the First and Fourth road districts, asking that viewers be appointed to view and lay out the new county road from Colma to Halfmoon Bay.

John D. Gish testified to the genuineness of the signatures attached to the petition and it was accepted on motion of MacBain, seconded by Casey. The following viewers were appointed to act with the County Surveyor in laying out the road and estimating the damages to the property owners: H. Geilfuss, First township; A. S. Hatch, Fourth township.

MacBain reported that he had employed an expert to remedy the accoustic defects of the Superior courtroom.

On motion of Casey, seconded by MacBain, the Surveyor was directed to prepare plans and specifications for the new county road from South San Francisco north to the county line.

A. P. Bellisle, one of the owners of the San Mateo Daily News, made an offer to publish a writeup of the county's resources for $300 and to supply a large number of copies for free distribution.

The matter was laid over for consideration at the next regular meeting on motion of Casey, seconded by MacBain.

District Attorney Swart presented a petition signed by residents of the Fourth and Fifth townships, asking that viewers be appointed to view and lay out the new county road from Halfmoon Bay to Pescadero.

The testimony of John D. Gish was introduced to show that all of the signatures to the petition were genuine and it was accepted on motion of Blackburn, seconded by MacBain. The following viewers were appointed to act with the Surveyor in laying out the road and estimating the damages to the property owners: E. A Shaw, Pescadero, and A. S. Hatch, Halfmoon Bay.

A similar petition asking the board to appoint viewers for the road from Woodside to San Gregorio was accepted on motion of Blackburn, seconded by Francis, and D. R. Stafford and H. F. Butts were appointed to assist the Surveyor in viewing the road in question.

On motion of MacBain, seconded by Blackburn, Clark & Henery were granted ninety days' additional time on the road contract through the City of San Mateo.

On motion of MacBain, seconded by Blackburn, the latter was authorized to sell to Charles Cavalli of La Honda, for $25, the wreckage of a wooden bridge near La Honda.

On motion of Francis, seconded by MacBain, it was ordered that the board's former action of allowing $2 per foot for certain culvert work in the Fifth district be rescinded and the remaining unpaid claims for such work in that district be allowed at $1.25 per foot.

The claim of Cavalli Bros. for $305 for supplies furnished the Fifth district was rejected at the request of the claimants, on motion of Blackburn, seconded by MacBain.

It was ordered that Francis be authorized to make repairs on a bridge on Irish ridge in his district.

Adjourned to March 9th.

"The Man With a Record"

Michael Sheehan, Candidate for Nomination as Sheriff San Mateo County

In this practical age, the man who aspires to advancement in any walk of life must be able to show a record of achievement, it will not do for him to rely upon promises of future endeavor. If he be a mechanicv seeking a more advanced position, especially in an establishment of any considerable magnitude, he must have made a record in his past work which in itself will convince his employers of his ability to achieve results, to cope with and master the more serious problems of the position to which he aspires. If the position which he seeks involves a more extensive controll of the men to whom the work of the establishment is intrusted, he must, in some degree at least, have already demonstrated his ability to manage those who came under his charge and to secure from them the largest measure of service. If it be advancement in position of trust or responsibility, he must be able to establish by his past record the fact of his trustworthiness. In any case he must come with clean hands, a record of past responsibility well fulfilled. The business man today cares but little for the encomiums of friends, what he seeks and must require is a demonstration of fitness.

While this is especially true in the business world, it is fortunately becoming every day more and more so in public service. The man who seeks political preferment must be able to show a clear record of public life; must be able to show that in the past he has "made good," that he has accomplished all that has been demanded of him. It is not sufficient that he has tried to do his best—he must have accomplished the task set for him.

The old days when it was necessary to be a "good fellow" are past. True, it is best that a man have staunch friends, people who believe in him and are ready to lend their personal aid. These are, and probably always will be, important elements in a campaign of this character, but even these friends must be convinced of an ability to accomplish or their efforts can be but halfhearted.

In a large measure Michael Sheehan, who is asking the voters of San Mateo county to entrust him with the responsibilities of the important office of sheriff, measures up to these requirements. Of his personal integrity and private probity there can be no question. For many years he has been a resident of this county, during which time his life has been an open book. At no time has he found it necessary or advisable to conceal the least of his actions. No man can truthfully say that he has ever wronged him, either in his person or his property. Genial and kindly by nature, he numbers his friends by the host, not only in the immediate section in which he has made his home, but in every portion of the county where he has had occasion to come in contact with his fellow citizens. In his aspirations he is assured of the hearty support of these.

In his public life he has so far "made good." As constable of the Second township, a position which he has held uninteruptedly for the past fourteen years, he has fulfilled every duty intrusted to him in a most acceptable manner. While he has done his duty to the utmost, he has ever shown a most kindly and humane spirit, treating even the prisoner in his charge with every possible consideration of humanity. That he has a full realization of the demands of humanity has been especially emphasized during the past six years, while he has filled the trying position of probation officer. In his dealings with the wayward youth of the county, he has demonstrated his fitness to cope with one of the most difficult problems which confronts the peace officer. Should his name be placed on the official ballot, his election can be taken as a foregone conclusion.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

AN EDUCATIONAL TRIP.

The Domestic Science classes of the Sequoia Union High School visited the Amercian Biscuit Company's factory, the A 1 Globe Flour Mills, and the Old Homestead Bakery in San Francisco on last Saturday making an enjoyable and profitable day of it.

At the Biscuit factory they were allowed to see and make their own conclusions. The guide who was sent to show them through the plant could not explain any of the processes nor give much information.

However the girls thought this a delightful place because they were allowed to eat as many of the fresh cookies and crackers, just hot from the oven, as they liked, and to sample the many varieties of fancy cakes made by the American Biscuit Company.

In connection with their biuscuit factory they have a plant for making the inexpensive candies such as the jelly beans and the colored candy easter eggs. The processes were new and interesting.

At the A 1 Globe Flour Mills, Mr. Yeazell, the sales manager, took special care to explain a l the processes of the making of flour and for an hour the girls had the pleasure of listening to an interesting and comprehensive account of the many processes of the great mill, and at the same time seeing the chemical laboratory, where tests were made enabling the miller to know exactly what results to expect in his efforts to maintain a uniform product; the ovens where bread was made to test the flour so that the housekeeper can have a constant product in each sack of flour; the huge rollers where the grain goes through the different "breaks"; and the "bancers" where by means of fine bolting cloths the separation of the different parts of the grain is made to produce the different grades of flour.

And finally the sacking and shipping rooms where thousands of sacks of flour were ready for the market.

From the flour mills the girls went to the Old Homestead bakery, one of the largest and best equipped bakeries in the city.

Though the plant was not working on Saturday afternoon Mr. Ranstroff was extreemely kind to explain to the girls all about the kinds of flour used, how it is blended, its composition, the advantage the baker has over the housewife, being able to use a flour of higher food value; the mixers; the raising troughs; the loaf forming machines; the ovens; the chemical laboratories for making tests which enable the baker to control conditions so that he can always make the same kind of bread day after day if he chooses.

The miller gave the girls many points in favor of homemade bread, but by the time they were through the bakery it seemed conclusive that the baker could make the best and most nutritious loaf. A debate on the question: "Resolved, that homemade bread is better than baker's bread," by members of the class on Wednesday will settle the question.

The girls feel very grateful to the San Francisco business men who were willing to stop their work to make explanations that will enable them to be more intelligent buyers in the future.

EDNA TRUMAN.

Ray Griffin has cards out announcing his candidacy for city clerk at the coming municipal election and, assisted by a number of friends, is making an active canvass for public support. Young Griffin possesses many qualifications which especially fit him for the office which he seeks. Physically unable to follow the ordinary pursuits of life, he has devoted himself to mental improvement and has acquired a splendid clerical education. He announces that it is his intention, if elected, to devote his entire time to the work of the office, giving the business of the city his personal attention. A popular student of the local high school he will undoubtedly have the strong support of much of the younger element of the city voters.

Editor Times-Gazette:—I am reported from Redwood City to a San Francisco morning paper as having registered as a "farmerette." I did not register as a farmerette and I believe that it is time the ridicule aimed at women voters ceased. If reporters are permitted access to public office papers they should be courteous enough to report their information truthfully.

What would a man of dignity have felt, had he registered as a "husbandman" and been reported as a "husbandette?" And would it not also be well for us to learn what those much misquoted terms "clubman" and "society woman" really are? As they are now used no man or woman wishes to be called either.

Yours sincerely,
CAROLINE H. ROBINSON.

Interlocutory Decree Granted.

Judge Buck on Thursday granted an interlocutory decree of divorce to Edith M. Weeks from her husband, William H. Weeks on the grounds of desertion and extreme cruelty. All the property rights, alimony, attorney fees etc. were settled out of court. By an agreement entered into on February 28, by the parties, all these matters were settled. The couple was married at Boston on March 23, 1895. In her complaint the plaintiff alleges that her husband was earning a salary in excess of $350 a month and asked for alimony in the sum of $75 per month.

Mrs. Groner Goes to Final Rest.

After an illness of two months, during which she suffered a great deal, Mrs. Margaret C. Groner, a pioneer of this city, passed away early Thursday morning. She was a native of Germany, aged 74 years. For forty-five years she had been a resident of this city, and during that time took a prominent part in the civic affairs of the town. Mrs. Groner was a charter member of Gen. Geo. S Evans Womars Relief Corps of this city, being identified with the society as an officer for a great many years. She took an active interest in the corps and was a prominent figure in all the events that took place under its auspices for years. Mrs. Groner was held in high esteem by the people of Redwood City, being specially admired by her friends and neighbors for her many good traits of mind and heart. Her death came as a severe shock to her family and friends. The deceased was the mother of Mrs. Edward S. Gould and grandmother of Margaret Pfrang Her husband preceeded her to the grave about a year ago. She had three sons, who died several years ago. The funeral will take place this morning from her late residence at 308 Hamilton avenue, thence to Mount Carmel church where mass will be celebrated at 9:30 o'clock. Interment will be in Union cemetery, where services will be conducted by Gen. Geo. S. Evans Womens Relief Corps

Services at St. Peters.

The Lenten services at St. Peter's Church for the coming week will be as follows:

Sunday—Holy Eucharist at 7:30 a. m.; Sunday school at 10 a. m.; matins and sermon at 11 a. m., when the rector will continue his series of sermons, his topic being "After Temptation; Sin." The vesper service begins at 7:30 p. m., when the rector will begin a series of lectures on "The Jewish Religion of Moses' Time."

On Tuesday afternoon at 4 o'clock, there will be a Bible study class with questions and answers.

On Wednesday evening at 7:30 there will be a special Lenten service at which the sermon will be preached by The Rev. H. E. Montgomery of Menlo Park.

On Thursday morning at 10 o'clock there will be a special service for women at which there will be a celebration of the Holy Communion. The rector will continue his series of sermons on "The Women of the Bible," taking for his topic "The Wives of Lamech."

On Friday there will be a special Litany service for children at 4 p. m. In the evening there will be junior and senior choir rehearsals at 7 and 8 o'clock.

Some Good Things Coming.

Lovers of the adventurous and admirers of wild nature scenes will be given a special treat at the Bell Theater today, at both the matinee and evening shows, when the scenes and incidents of the Whitney and Scott expedition in search of big game in the frozen Arctic regions will be shown. The inspiring and educational incidents of this memorable trip will be shown in four reels of authentic pictures, in addition to a Keystone comedy reel with the popular Bunny as the central figure. For Sunday evening, in addition to the usual four reels of pictures, there will be some good specialty acts by the Hugo minstrels, a troupe of Australian performers. These will be popular price shows.

For Monday and Tuesday evenings there will be a big extra special show. In addition to the usual four reels of pictures, manager Nathhorst has secured for these two nights the Beeson Bro's. troupe of specialty performers and trained dogs, reputed to be one of the strongest combinations yet seen on this coast. For these two nights the admission will be 15 cents for adults and 5 cents for children.

Reopening of Methodist Church

Next Sunday is set for the opening of the Methodist church. For two months hammer, saw, paint brush and trowel have been busy remodeling and improving throughout the church. Everything is new from underpinning and paint on the outside to glass in the windows, plaster on the walls, electric lighting system, carpet, pews and pulpit furniture. The total valuation of improvements approximates $1500.

The day will be properly observed by special services, both morning and evening. The Rev. W. C. Evans, superintendent of the San Francisco district, will preach at 11 o'clock a. m. and at 7:30 in the evening the sermon will be preached by Rev. C. E. Nons of San Jose. There will be a special service for the Sunday school at 10 a. m.

Miss Margaret McGee, violinist of San Francisco, the Young Men's Glee Club of the Methodist church of Palo Alto, together with the newly organized choir will furnish the music for the day.

The public is most cordially invited to each service.

Christian Science Services.

Christian Science Society, 224 Main street. Services Sunday, 11 A. M. ubject, "Man." Sunday school at 9:45. Weekly testimonial meeting Wednesday evening at 8 o'clock. Public cordially invited.

The San Mateo County, Center of the California Civic League, will hold its next meeting in this city at 2 p. m., Tuesday, March 10, in the Woman's clubhouse. A large attendance is expected.

ARTHUR MERRILL WILL REST IN UNION CEMETERY

Clarence Merrill, postmaster of Berkeley, was in this city Tuesday, and arranged with T. C. Rice to prepare a concrete base and erect a stone in memory of his brother, Arthur, who died recently in Los Angeles. The two men were the only children of S. S. Merrill, the pioneer druggist of this city and at one time county treasurer, who, with his wife, lies in Union cemetery. Arthur, the oldest of the sons, desired to be buried with his parents, and in 1909 had a stone prepared and carved with his name, etc., leaving a blank space for the date of his death. This stone was stored away until his death, when a letter prepared for this event, was opened and found to contain directions for his burial and the disposition of his remains. In conformity with these wishes of his brother, Clarence visited the scenes of his boyhood for the first time in many years.

The time for filing nomination papers for municipal positions expires on March 4th. Those filed with the town clerk are: For trustees H. C. Tuchsen and E. H. Sampson, clerk G. C. Plump and Raymond Griffin, treasurer, F. K. Towne. There will be but one contest and that is for clerk and this promises to be a battle royal as both candidates have many friends. Two trustees are to be elected, Mr. Sampson will succeed himself and Mr. Tuchsen will take the place of C. J. Hynding, who has declined to run again, having served on the board for many years with credit to himself and to the city. Mr. Town has never had opposition for treasurer and will go it alone this year as usual. He is a most efficient official and the taxpayers are satisfied with his work and desire to keep him where he is.

INTERESTING TRAVEL TALK TO HIGH SCHOOL STUDENTS

Thursday afternoon for about an hour L. P. Behrens, president of the board of trustees of the Sequoia Union high school district, entertained the students by an interesting talk and description of his tour abroad last summer. His observations are those made by a practical businessman and were not only amusing but instructive and pleasing. Mr. Behrens spoke in part as follows: Last June we started from San Francisco, up through the beautiful Feather River Canyon to Salt Lake City, visiting Yellow Stone Park enroute. We also took in Denver but did not have the privilege of seeing Pike's Peak. Chicago we found to be like other large cities. It is especially noted for its beautiful drives, its art gallery and library. One is naturally impressed with the grandeur and magnificence of Niagara Falls and it certainly is a wonderful sight. Our trip along the Hudson was in deed a delight. We spent but a few days in New York and sailed on the "Baltic," which, a few years ago, was the largest ship afloat. It is equivalent to five and a half stories, carries about three thousand people with twelve hundred persons in the crew. The multitudes that came down to these boat sailings to bid good-bye to their friends is an inspiring sght. Our first stop was at Liverpool which we reached in the morning. The principal feature of interest there was the market, in which we saw some of the finest fruit grown even superior to California fruit. We visited the home of Shakespeare at Leamington and also took in Rugby, the largest school in the English empire, the town itself is supported by the school. The principal points of interest in London were The Tower, Old London Bridge, Westminster Abbey and St. Paul's Cathedral. The tower is famous for its instruments of torture and the vast amount of armor there. The Bridge is peculiar in that it may be opened to vessel estrains. The motor drive to Windpedestrians. The motor drive to Windsor Castle and Eton College was very interesting. This college is for boys only, is of strictly religious tone and is characterized by the dress of the boys. Their top hats were quite conspicuous and although they seemed a little queer to us, yet they made a good impression. My daughter, Luella, while in London was trying to take a kodak picture of an event when she was prevented by a detective, who thought she had an infernal machine. It is about eight hours travel across to Paris and the babble there would be confusing to one without a knowledge of French. Traveling through France is done is compartment trains and there are four classes, The first class is similar to our Pullman service, while the fourth class is merely a place in which to stand with no opportunity to sit down unless one sits on the floor. Paris, of course, there are a number of important things to see among which are The Louvre, the greatest art gallery in the world, and their opera house. Here we had the pleasure to see "Aida." In this production there were twelve hundred people on the stage and one hundred and eighty in the orchestra. From Paris we went to Varsailles, which is noted for its laces and as a health resort. There is a very beautiful drive through a magnificent forest. Varsailles is a city of some three hundred thousand people and is known for its beautiful castle which was started some time in the 10th century and finished by Louis 14 in the 16th century at approximate cost of a million pounds sterling. century and finished by Louis 14, at approximate cost of a million?

At Brussels we saw the Palace of Justice, made of white marble. Something of unique interest was the dog carts. The dogs were large, splendid animals and well taken care of. The master goes ahead and the dog follows him. A rather amusing situation is that of the "Marriage Square" where all the couples have to go to get their licenses and get married. The Peace Palace at The Hague was of interest as well as its origin. The city itself has about the smallest and narrowest streets we saw. It is also know for its sea-bathing which is enjoyed by multitudes of people every year. At Amsterdam is the second largest zoo in the world, London having the largest. A point of exceeding interest was the Isle of Marken, where unique people have lived for five hundred years. We took pictures of some of the people but they expected to get tips for the courtesy. Up to sixteen years of age there is no way to tell the boys and girls in their dress except by means of a button on the top of the cap. After sixteen years of age, the girls have their hair down in two braids.

Cologne is famous for its churches, one of which has the most beautiful exterior in the world. Our trip up the Rhine was grandeur and beauty on every hand. The hillsides, although very steep, were all cultivated. One of the most celebrated watering places and resorts is Weisbanden, where they try to do nothing but enjoy themselves. However, one gets nothing there without paying for it. At Frankfort we were amazed by their Palm Gardens, which were marvelous in their luxuriancy.

The Native Daughters' dance at the Foresters' hall next Wednesday night in honor of St. Patrick's Day, will be one of the happy events of the season. It should be generously patronized as Bonita parlor is one of the most loyal of local organizations, devoting all of its earnings to the benefit of the public.

LOCAL NEWS NOTES OF MENLO PARK

Intererting Paragraphs of General Interest Gathered About the Town

Roy Abernathy, chauffeur for Louis Stern, has leased the pretty Cora Parker cottage on Railroad avenue for the summer.

Worthington Ames has moved from his residence at Atherton to San Mateo. His place here has been leased to San Francisco parties.

Mr. A. J. Marcus and family have moved down from the city for the summer. They occupied apartments at the Palace Hotel for the past seven months.

Mrs. Harry Gettings, former resident of Menlo Park, is a candidate for town trustee of San Mateo. She will make a proficient officer if elected. That position now pays a salary of $25 a month.

Court Menlo, Ancient Foresters, No. 8020, will give a dance on April 17th, first class music. On March 18th, at 8:30 p. m. will be an open meeting for ladies, any one of the fair sex wishing to join the Companions of the Forest are invited to attend. The whist tournament is a great success.

Mrs. John MacBain gave a party at her home on Mills avenue last Saturday in honor of Margaret Daly, who has been a guest at the MacBain domocile for the past two weeks. Games that are very dear to the little ones were played, songs pleasing to children were sung and then refreshments were served by by the kindhearted and hospitable hotsess to about fourteen girl friends of the guest of honor. Those present will long remember the happy occasion.

J. B. Leonard has received a new governess cart from the east, manufactured by the Studebackers, arriving during the week. The handsome vehicle is a present from Mr. and Mrs. J. B. Leonard to their two pretty daughters, Nancy and Doroth

L. H. Growell will break ground in Stanford Park Monday for a fine modern bungalow. It will stand on Princeton road and is the forerunner of extensive building operations anticipated for the coming summer.

Mr. and Mrs. Fred McNear are already making plans to close their town house and go to Menlo Park for the summer. They will open their country home the first of April, when the Gus Taylors will move down to Menlo Park.

P. Olsen, the painter, will move down from the city during the month to occupy his residence at Atherton. Mr. Olsen has a contract to paint the W. B. Weir residence, and began work on the building Thursday. He also has the contract to do the painting on the Sig Stern home at Atherton.

Miss Bernedette Clarke has resigned her position as deputy post master after filling the place for the past four years. Miss Clark was an efficient and obliging official who won the esteem of all the patrons of the office for her kindness and courtesy at all times. Mr. Crane, the new postmaster, will do all the work himself with the aid of his son, Howard.

William Cranston, of the Universits Realty Company, and referee in the partition suit entitled H. C. Sawyer against L. L. Solomons, as special administrator of the estate of Mary Adams, deceased, sold on Monday, twenty-four acres of land at public auction on the premises to H. C. Sawyer for $9789.47, the plaintiff in the action. The proprty is adjoining Stanford Park and adjoins the residence of J. J. Murray and for some time has been planted to onions. Charles & Schneider, the well-known Palo Alto attorneys, were the lawyers for plaintiff in the litigation.

It may be accepted as a compliment to Menlo Park to have it known that one of its citizens, Harry B. Morey, the popular contractor, bears such a high reputation for honesty that his work is not subject to inspection. All of Mr Morey's contract work for the county is passed without the services of an overseer and he is the only contractor to whom the supervisors have paid such a compliment. Mr. Morey's bridge and culvert work will stand as a monument to his reliability for ages.

P. H. McEvoy will hold a big auction sale on Saturday, the 21st instant at which he will dispose of all of his stock and farming implements. The property will be sold to the highest bidders and without reserve. There will be some splendid bargains at the sale for farmers and contractors. Mr. McEvoy will retire from business.

Gladys Holtt, the pretty daughter of Mrs. Holtt and the late Ira G. Holtt, will be united in marriage at the home of her brother, Ralph, at Portland, on March 12 to Dr. Hoyt, a prominent physician and surgeon of Boston. Miss Holtt and her mother have been residing at Boston for the past two years, but recently went to the northern city where the happy event will take place. After the honeymoon the doctor and his bride will live in Boston where the doctor has large property interests. He is very wealthy, and for some years has been a prominent club man. Ira G. Holtt, many years ago established a private school for boys on the old Atherton domain, There boys came from all portions of the country to receive their preparatory education under the skillful training of the old professor, who was for many years state superintendent of schools. He gathered about him an able corps of teachers. The school was in a flourishing condition and very popular when the founder passed away. The brde-to-be spent her happy girlhood there, amid pleasant scenes where the gay youths romped on

COUNCIL ANNOUNCES PLANS FOR SUMMER STREET WORK

While but little in the way of general business was transacted at the regular meeting of the city council last Monday evening, the session was nevertheless, an unusually important one in that it marked the actual beginning of plans for an extensive campaign of street improvement for the coming summer. While probably not all the work intended for the season was outlined, the steps taken indicate clearly that there is to be no halt in the work which will soon put Redwood City well to the front among her sisters of the peninsula in the line of modern streets. With all the trustees present action was taken to outline sufficient of the intended work to give notice to owners of property on streets yet unimproved that it is the intention of the trustees to do their part to see that every section of the city is to be provided with

the green lawns and lulled and and loitered under the shade of the elm trees planted by Faxon Atherton more than half a century ago, for it was there that Mr. and Mrs. Faxon Atherton made their home for a great many years. The bride and groom are expected to visit friends here before leaving for the east. The wedding will take place on the anniversary of the marriage of Mrs. Ira G Hoitt. Mrs. John MacBain, an intimate friend of the bride, will leave on Monday to attend the wedding.

The Lenten program at the Church of the Nativity, Menlo Park, is attracting not only large numbers from Menlo Park itself, but a great many from the surrounding district. The attendance is the largest of any Lenten season for years. The services are impressive and the music, all specially prepared, is very fine. But the feature which is proving particularly attractive and of absorbing interest to all who have attended, is the series of doctrinal conferences being given by various eminent preachers on Wednesday evenings. These conferences are on subjects that are at present very intensely occupying the public mind and are being exploited not only in the weekly and monthly periodicals and the metropolitan dailies but also in the pulpits and public platforms of our own and neighboring towns. They are subjects elemental in revealed religion and fundamental to all religious thought and conviction. The well known scholarship and pulpit ability of the preachers secured for the series insures a clean, interesting and forceful treatment of each topic Last Wednesday evening the Rev. John M. Byrne A. M., the senior alumnus of St. Patrick's Seminary and for some years past prominent in mission work in the great cathedral of the archdiocese treated of the true notion of Christ. He reviewed in a most erudite and convincing manner the history of the Christ-idea, down through the Christian ages, explained the applicability of the theory of doctrinal development identified present day vagaries with historical heresies of the first centuries of the church and concluded with a most convincing argument in favor of the age old teaching of the Catholic church, concerning Jesus Christ, God and man, the only begotten of God, the Father and in time born of a Virgin Mother Mary. On Sunday evening next the second discourse on the Sermon on the Mount will be given and on Wednesday evening the doctrinal conference will be delivered by the Rev. Wm. P. Sullivan of the Youth's Directory. His subject will be "The Natural Basis of Faith."

* * *

The ladies of the Church of the Nativity, Menlo Park, have no time for day-dreams or luxuriating in spring fever these times. They are all busy. Nearly everyone of them is on some committee and every committee has something doing all the time Do you know what it is all about? Well, they—the ladies in an organization known as the St. Elizabeth's sewing society—are preparing to stage an extraordinarily big affair on the one night in Lent where it is permissible, the eve of St. Patrick's day. It is the first big affair the ladies have undertaken since their reorganization this year and from the names listed on the different committees and the amount of work the ladies are accomplishing in the way of preparation we predict with as much assurance as Father Ricard ever predicted a coming storm, that the affair will be the big thing in the history of the Hall of the Nativity. The beautiful island that St. Patrick loved so well will be honored on the program in song and story and folk dance, the orchestra in full blending and magnificent harmony will rechant the wonderful old melodies of the land of our forefathers and for that evening at least time will have turned back, memory will have become a reality, and side by side with the spirits of those who have gone before us we shall rest content and happy amid the green hills and deep in the smiling valleys of Shiela-ni-gara. Programed with the songs and story of Ireland will be a repitition, on insistent request, of the wonderfully clever play, "Complicated Affair," revised with many new and most farcical lines and a new and altogether startling finale. The play as presented some weeks ago in the Hall of the Nativity, was pronounced one of the cleverest comedies ever staged here and its presentation was the finest bit of amateur acting ever seen in this district. The request for repetition comes insistently from Redwood City and Palo Alto as well as from Menlo Park. The evening of March 16th, at the Hall of the Nativity promises therefore to be just crammed full of good things. More power to the good ladies.

DOINGS ABOUT THE COUNTY OFFICES

Matters of General Interest to Litigants Culled from the Public Records.

Marriage Licenses Issued.

Charles B. Stroble, aged 31, Los Angeles and Maybelle Wood, aged 31, San Francisco.

Anselm Schaffer, aged 53, Napa, and Johanna C. Hartstrick, aged 43, Sacramento.

John Cerin, aged 26 and Alice Lytle, aged 26, both of Los Angeles.

New Probate Applications.

H. G. Plymire has applied in the Superior Court for letters of administration upon the estate of Du-

a modern system of paved streets. This early action also makes it evident that it is the intention of the trustees to avoid as far as possible the annoying and costly delays which have interfered with the proper execution of the work of this character in the past.

As a preliminary to the work of preparation for street paving, a resolution was adopted directing the preparations of plans and specifications for the laying of eight-inch sewer mains in the following streets: Redwood avenue, Wood street, Ebener street, Woodrow street, Davis steet, Blaine street and Jefferson avenue.

A formal resolution was adopted directing the city engineer to prepare plans and specifications for the laying of eight-inch sewer mains in the following streets: Redwood avenue, Wood street, Ebener street, Woodrow street, Davis street, Blaine street and Jefferson avenue.

A resolution was adopted directing the city engineer to prepare plans and specifications for the construction of an oil macadam pavement on the following streets: Grant avenue, from Woodside road to Addison street; Redwood avenue, from the County road to Wood street; Addison street, from Grant avenue to Redwood avenue; Oak avenue, from the County road to Wood street; Wood street, from Redwood avenue to Oak avenue; Ebener street from Roosevelt avenue to Oak avenue; Lincoln avenue from the County road to Davis street; Jefferson avenue, from Adams street to Davis street; Cleveland street, from Vera avenue to Roosevelt avenue; Harrison avenue, from the County road to Adams street; Davis street, from Roosevelt avenue to Jefferson avenue; Blaine street, from Roosevelt avenue to Jefferson avenue; Adams street, from Jefferson avenue to Harrison avenue. Trustee Hynding voted against the adoption of this resolution, explaining his vote with the statement that in his opinion the cost would prove an excessive burden on the owners of property at this time and that much of the improvements outlined might well be deferred.

With the unanimous vote of the trustees a resolution was also adopted directing the city engineer to prepare plans and specifications for the paving with oil macadam of the following streets: Warren, from Alden to Standish; Sampson, from Arguello to Warren; Hopkins avenue from Arguello to Warren; Standish, from Arguello to Warren. As originally prepared this resolution included several other streets in the same section of the city, but after discussion of local conditions these were eliminated.

As a preliminary to this important business, which occupied a considerable time of the session, Clerk Plump had but few matters of routine business to present.

T. C. Rice, the contractor for the curbing and sidewalk work which has been recently completed, presented a formal appeal from several of the items of assessment made against property for the cost of the improvements. The appeal, which was of a purely technical nature designed to correct descriptions of property against which the assessments were levied, was set for consideration at an adjourned meeting to be held next Tuesday evening.

A request from the Pacific Gas and Electric Company for permission to open several streets for the purpose of extending their gas mains to districts at present not served, was granted.

Chairman Merrill presented a check from the Tacoma Mill Company for $100, which the company had tendered him as their share of the expense incurred last summer by the city in darining the marsh lands of their property. As it seemed to have been the understanding that the amount to be contributed toward the expense was to have been much larger than this sum, there was considerable hesitancy on the part of the trustees in accepting the offer. After considerable discussion the check was accepted as a partial settlement and turned over to Treasurer Towne.

City Attorney Mansfield presented a resolution declaring the intention of the city to become a portion of the county library district and directing that formal notice of this intention be filed with the board of supervisors. The resolution was adopted on motion of Trustee Hahir.

Ordinance No. 139, which outlines the boundaries of the municipal election precincts, was given its final reading and adopted. The ordinance provides for three precincts, making but little change in the former boundaries.

Ordinance No. 140, directing the publication of notice of the coming municipal electon and naming the precinct officers to conduct the election, was given final reading and adopted.

An adjourned meeting of the council will be held next Tuesday evening, when it is announced, plans for further street improvement will be ready for submission by the city engineer and attorney.

ane Hopkins, who died at San Mateo on December 19, 1913. The estate consists of cash in two banks in San Francisco amounting to $3587.86. The heirs at law are, Fanny M. Hopkins, a sister, B. S. Hopkins and Charles W. Hopkins, brothers, all residing at Summerville, Massachusetts.

William L. Butler, a minor, aged 19 years, has petitioned the Superior Court to have J. Early Craig appointed his guardian. The estate consists of an interest in the estate of Mary Benson, deceased. The The petitioner, through his guardian ad litem, Charles W. Butler, father of the minor, has filed a contest in Salano county against the probate of the will of the said Mary Benson. If the contest is successful young Butler will have an interest in the estate consisting of 80 acres of agricultural land in Salono county valued at $5000, cash in bank amounting to $4700, and personal property worth $1000. The father, who is a resident of Daly City, is at present in New York. J. Early Craig is also the attorney for the minor.

New Actions in Superior Court.

Elizabeth V. Thompson has commenced an action in the Superior Court against R. E. Callaghan and his wife to recover certain personal property in the possession of the defendants. The property consists of clothing, crockery, chinaware, and personal effects valued at $500. Plaintiff asks for the return of the articles or if not, their equivalent, to-wit, $500. Plaintiff also asks for damages in the sum of $250 for unlawfully detaining the property.

G. R. Stafford has commenced foreclosure proceedings in the Superior Court against E. F. Laffity to recover the sum of $1000. The property on which the mortgage is is to be foreclosed consists of lots 10 and 11, block 7, Burlingame Grove. Miss Ulreca Sahlberg, who graduated from the State Normal School in San Francisco last week, has been appointed a teacher in the Alpine school, near La Honda. She will begin teaching next Monday.

D. R. Stafford and Daniel Flynn this week purchased two new Ford automobiles from the local agent, Robert Bowie, who is doing a big business in the sale of this machine.

P. Solon and S. Steele, motorcyclists, were fined $10 and $5 respectively for speeding on the highway, by Judge Lampkin yesterday. Both men paid their fines and went on their way, not rejoicing, however.

The Knox Toggery has a complete and up-to-date gent's furnishing department, separate from the dry goors store, well stocked with the latest goods in men's wear.

Kenneth M Green, the attorney, who was operated upon Tuesday for appendicitis, is on the road to recovery, according to reports from the Red Cross hospital yesterday. The dangerous period has entirely passed and the patient is resting as easily as could be expected.

Weeden Brothers of Menlo Park have been awarded a contract to erect a neat cottage for W. A. Maloney adjoining his wholesale liquor store on El Camino Real, south of town at a cost of $3000. Work has already begun on the building.

Miss Sophie Mengel leaves next Tuesday for Arizona to spend six weeks with her aunt, who has been a resident of tnat state for some years. The many friends of the young lady wish her a pleasant journey and a delightful time in the land of cactus and sagebrush.

Edward Dearborn has bought a new Packard truck and is prepared to do hauling of all kinds. He makes a specialty of hauling building material Mr. Dearborn has had a long experience in this line which gives assurance to all his patrons that his service will be prompt and efficient.

Sunday afternoon March 22, Redwood Aerie, Fraternal Order of Eagles, will hold a large initiation in this city. The Daly City Drum Corps and the San Mateo drill team will be present, together with big delegations from other aeries of the peninsula towns. On that occasion a great number of eaglets will become full fledged Eagles. The local aerie is making elaborate preparations for the event.

Harold Stevens has resumed his studies at the grammar school after spending two months in a San Francisco hospital. The little fellow met with an accident while shooting on the marsh last winter and suffered the loss of two of the fingers of his right hand by the discharge of a gun while he was attempting to cross a fence. The boy will not be handicapped very much as he will nearly have the full use of the hand.

District Attorney Swart went over to the coast Wednesday and accompanied by Supervisor Joseph Francis, witnessed the breaking of ground for the new road down the coast at Farallone City. Quite a crowd gathered to see the first shovel of earth turned on the new highway, which when constructed means a new era for that section of the county. Joe Willison, the contractor, has a splendid equipment and will rush the work.

Taxcollector A. McSweeney returned yesterday from a tour of the coast towns where he went to collect the merchant license tax. He reports doing a good business. Every where he noted signs of prosperity and found farmers jubilant over the pospects of bumper crops.

The justice court of the Third township earned in fines during the year of 1913, the sum of $2025, the amount being more than twice the annual salary of the justice. However, the amount was not near as large as the year previous. This may be accounted for by the fact that motorists are beginning to learn that they must obey the speed laws and fines are not so much, in fact they have dropped nearly sixty per cent since 1912.

J. Somers was sentenced yesterday by Judge Lampkin to pay a fine of $35 for speeding. He was arrested for the offense on March of last year by Officer Brown and told to appear for trial, but disregarded the admonition and did not come to Redwood City. Brown saw him the other day coming down the peninsula and he again arrested him. Judge Lampkin was at first inclined to impose a jail sentence, but on the pleadings of Somers, he finally let him off with a fine.

Huntington Freeman and Miss Helen Hamilton, the latter a pupil of Maurice, the famous dancer now in San Francisco, will give a dansant at the Foresters' hall Saturday evening. During the evening they will illustrate all the latest steps, such as the Maurice Argentine and Parisian tangos, hesitation and butterflys, the one-step waltz and the Maurice walk and the Crane walk. If given encouragement Mr. Freeman and Miss Hamilton will organize a class in the latest dances.

BOYS' CLUB WINS FROM REID'S BELMONT SCHOOL

The Boys' Club baseball team showed that they still knew a little about the game when they went to Belmont last Saturday and walloped Reid's school to the tune of 16 to 6. The boys played up to midseason form and at no time was Reid's threatening. The result shows that local boys can play ball and speaks well for them. Reid's have a coach, whereas our boys fight it out themselves. The features of the game were the battery work of Chaves and Lamb and the fielding of Bob Fox and Valencia. An odd feature of the game was that Winter, who played shortstop, did not receive a chance. He was the only man who did not. This is an instance that rarely occurs.

Reopening of the Methodist Church

Next Sunday the Methodist church will be reopened. For the past two months the building has been in the hands of the mechanics and has been completely renovated. There will be special services morning and evening. Rev W. C. Evans, superintendent of the San Francisco district will preach at 11 o'clock, and in the evening Rev. Chas. E. Irons of San Jose will preach. There will also be a fine musical program.

FIRE DESTROYS HOME WITH ENTIRE CONTENTS

Saturday evening last an alarm was turned in for a fire in the Gray tract, just outside the city limits. The firemen were promptly on the ground, but on account of lack of water mains in the district, only the chemical could be used, and that was not capable of coping with the flames. The house, a six-room structure which belonged to F. Storti, was a total loss, with all its contents. The cause of the fire is unknown, as Mr Storti was in attendance on the local lodge of Owls, and his wife, with the children was visiting a neighbor. The houes was insured with J. J. Read for $1,500, and the insurance has already been adjusted.

Barnett Soaked Fifty Dollars

Jack Barnett, who was recently arrested for playing seven-and-a- half at his residence on Cedar street, pleaded guilty yesterday to a charge of gambling, and was fined $50 by Recorder Hannon. The fine was large on account of Barnett being the lessee of the house where the game was conducted. Dave Silva, who was arrested at the same time, also pleaded guilty and was fined $10.

Orrine For Drink Habit
Try it at our expense

We are in earnest when we ask you to give ORRINE a trial. You have nothing to risk and everything to gain, for your money will be returned if after a trial you fail to get results from ORRINE. This offer gives the wives and mothers of those who drink to excess an opportunity to try the ORRINE treatment. It is very simple treatment, can be given in the home without publicity or loss of time from business, and at a small price.

ORRINE is prepared in two forms: No. 1, secret treatment, a powder; ORRINE No. 2 in pill form, for those who desire to take voluntary treatment. Costs only $1 00 a box. Come in and talk over the matter with us. Ask for booklet.

A MESSAGE TO WOMEN

Who Are "Just Ready to Drop."

When you are "just ready to drop," when you feel so weak that you can hardly drag yourself about—and because you have not slept well, you get up as tired-out next morning as when you went to bed, you need help.

Miss Lea Dumas writes from Malone, N. Y., saying: "I was in a badly run-down condition for several weeks but two bottles of Vinol put me on my feet again and made me strong and well. Vinol has done me more good than all the other medicines I ever took."

If the careworn, run-down women, the pale, sickly children and feeble old folks around here would follow Miss Dumas' example, they, too, would soon be able to say that Vinol, our delicious cod liver and iron remedy, had built them up and made them strong.

It is a wonderful, strength creator and body-builder, and we sell it under a guarantee of satisfaction. You get your money back if Vinol does not help you.

P. S. For any skin trouble try our Saxo Salve. We guarantee it.

Ordinance No. 139

An Ordinance dividing the Town of Redwood City into Election Precincts and establishing the boundaries thereof.

The Board of Trustees of the Town of Redwood City do ordain as follows:

SECTION I

The Town of Redwood City is hereby divided into three election precincts, to be known and designated as follows; "Redwood City Municipal Election Precinct No 1"; "Redwood City Municipal Election Precinct No. 2"; "Redwood City Municipal Election Precinct No. 3".

SECTION II.

Redwood City Municipal Election Precinct No. 1 shall contain all that territory of the Town of Redwood City included within the following described lines, to-wit: Commencing at a point where the center line of the right of way of the Southern Pacific Railroad Company intersects the northwesterly corporate limits of the Town of Redwood City; thence southeasterly along the center line of the Southern Pacific Railroad Company's right of way to a point in the center of Broadway; thence easterly along the center line of said Broadway to the center line of Main street; thence northerly along the center line of said Main street and the extension thereof to a point in the center of Redwood Creek; thence down and along the center of said Creek to the northerly corporate limits of the Town of Redwood City; thence westerly and southwesterly along the northerly and northwesterly corporate limits of the Town of Redwood City to the place of commencement.

SECTION III.

Redwood City Municipal Election Precinct No. 2, shall include Redwood City Precinct No 2 and Redwood City Precinct No. 3 heretofore established by the Board of Supervisors of San Mateo County on the 15th day of December, 1913, and shall contain all that territory of the Town of Redwood City included within the following described limits, to-wit:

Beginning at a point where the center line of the right of way of the Southern Pacific Railroad Company is intersected by the center line of Broadway; thence southeasterly along the center line of said right of way of the Southern Pacific Railroad Company to the center line of Main street; thence southerly along the center line of Main street to the northerly line of the County Road; thence easterly along the northerly line of the County Road to the easterly corporate limits of the Town of Redwood City; thence northerly and northwesterly along the easterly corporate limits of the Town of Redwood City to the center of Redwood Creek; thence southerly along the center of Redwood Creek to the center line of Main street if extended northerly; thence southerly along the center line of Main street to the center line of Broadway; thence westerly along the center line of Broadway to the place of beginning.

SECTION IV.

Redwood City Municipal Election Precinct No. 3 shall include Redwood City Precinct No. 4 and Redwood City Precinct No. 5, as heretofore fixed and established by the Board of Supervisors of the County of San Mateo on the 15th day of December, 1913, and shall contain all that territory of the Town of Redwood City included within the following described lines, to-wit:

Commencing at a point where the center line of the right of way of the Southern Pacific Railroad Company intersects the northwesterly line of the corporate limits of the Town of Redwood City; thence easterly along said center line of the Southern Pacific Railroad Company's right of way to the center line of Main street; thence southeasterly along said center line of Main street to the center line of the County Road; thence in a straight line to the northerly line of the road leading to Woodside and to the easterly limits of the Town of Redwood City; thence southerly, westerly and northwesterly along the southerly, westerly and northwesterly limits of the Town of Redwood City to the place of beginning.

SECTION V.

All Ordinances and parts of Ordinances in canflict with this Ordinance are hereby repealed.

SECTION VI.

Teis Ordinance shall be published once in the "Times-Gazette," a weekly newspaper published, printed and circulatdd in said Town of Redwood City, and shall take effect and be in force from and after its passage.

Introduced this 16th day of February, 1914.

Passed and adopted as an Ordinance of the Town of Redwood City by the Board of Trustees of said Town at a regular meeting of said Board held on the 2nd day of March, 1914, by the following vote:

Ayes and in favor of the foregoing Ordinance, Trustees: Deleau, Hahlr, Hynding, Merrill and Sampson.

Noes and against the passage of the foregoing Ordinance, Trustees: None.

Absent, Trustees; None.

GEO. A. MERRILL,
President of the Board of Trustees of the Town of Redwood City.

Attest: G. C. PLUMP,
(seal) Clerk of the Town of Redwood City.

I hereby approve the foregoing Ordinance this 2nd day of March, 1914.

GEO. A. MERRILL,
President of the Board of Trustees of the Town of Redwood City.

ASSESSOR'S INSTRUCTIONS

To Owners of Real Estate and Personal Property.

The law requires each and every person who owns any class of property to annually, during the months of March, April or May, file a statement with the Assessor or his deputy in the county where his property is located. You should give a statement of all property owned by you on the first Monday in March at 12 o'clock m.

No change can be made by the Assessor after he turns over his books to the Board of Supervisors on the first Monday in July. The Board then sits as a Board of Equalization during the month of July.

Remember, if you fail to give in your assessment you fail to comply with the law and may cause yourself, the Assessor and Tax Collector much trouble, and very likely cause yourself expense.

It is much more satisfactory to the Assessor, as well as to yourself, to have your assessment correct when you go to pay your taxes.

C. D. HAYWARD,
28-1 Assessor San Mateo County.
